VALENTINE’S DAY 2020 | FLORAL SYMBOLISM

What Various Flowers Can Represent

Understanding the meanings behind various flowers can help Valentine’s Day celebrants more accurately express their feelings toward the special people in their lives.

Flowers are popular come Valentine’s Day, as various blooms can signify love and affection. Roses are one of the most popular flowers to gift on Valentine’s Day, and according to Bankrate, men and women can expect to spend $41.66 on a dozen roses.

Some gift-givers may want to deviate from the standard bouquet of roses and offer flowers that are more in tune with their recipients’ preferences.

Flowers have long been used to convey certain feelings in many cultures. Folklore, poetry and mythologies have played a role in defining the various meanings associated with certain blooms. Read on to learn more about what certain blooms may symbolize.

- **Amaryllis**: This flower symbolizes splendid beauty and can be given to indicate worth beyond beauty.
- **Aster**: The popular aster symbolizes wisdom and devotion.
- **Black-eyed Susan**: These vibrant blooms represent justice and can be ideal for the person who works in the legal profession.
- **Carnation**: A less expensive alternative to roses, carnations represent pride and beauty. Furthermore, the colors of carnations represent different meanings. Red symbolizes love, while pink is for a mother’s love and white represents innocence and pure love.
- **Daisy**: Innocence and purity are the meanings behind the yellow and white daisy. This can be the perfect pick for new, young love.
- **Freesia**: Those wanting to evoke passionate feelings can choose freesia, which is also said to mean “joy.”
- **Hydrangea**: Hydrangeas symbolize heartfelt emotions and can be used to express gratitude for being understood. This may be the perfect “making amends” flower.
- **Lilac**: Couples seeking tranquility and passion can turn to lilacs. The calming lavender hues also can be a welcome change in floral arrangements.

Flowers are part of many Valentine’s Day celebrations. By learning the meanings behind different flowers, men and women can make their feelings better known.

- **Rose**: Of course, no Valentine’s flower roundup would be complete without roses. Roses represent love and passion, and, like carnations, their colors symbolize different things. Red roses represent desire, pink roses suggest happiness and white roses symbolize worthiness. Avoid yellow roses, which suggest fading love.
- **Zinnia**: Zinnias symbolize thoughts of distant friends and can make a thoughtful friendship arrangement to send to a faraway comrade.

Sweet, Luscious Snacks for Loved Ones

Because it also occurs during American Heart Month, it’s a perfect opportunity to start taking care of your own heart and the hearts of loved ones.

Valentine’s Day naturally brings thoughts of hearts, flowers, sweetness and love. Part of the charm of the day’s celebrations is in giving family and friends flavorful foods to enjoy from chocolates and candies to other sugary treats. However, the festivities don’t have to be completely focused on unhealthy bites in order to make someone feel special.

This year, it can be easy to share in the fun of Valentine’s Day by serving those you love with sweet, seasonal treats. For example, these Frosted Watermelon Cutouts make for ideal snacks for children and adults alike whether it’s an after-school treat or a sweet dessert with just three ingredients, heart-shaped cookie cutters and minimal time spent in the kitchen.

If you’re really looking to impress that special someone, this Watermelon and Chocolate Dessert Board calls for creativity and plenty of tasty morsels like berries, cashews, almonds and dark chocolate. Without any baking or cooking required, simply spread out the ingredients for a platter that’s just as visually appealing as it is appetizing.

Both recipes include the benefits of watermelon, which boasts plenty of vitamin C to boost the immune system’s defenses as a cholesterol-free, fat-free and sodium-free food. Plus, watermelon draws its red color from the powerful antioxidant lycopene (12.7 mg per serving), which may help protect cells from damage, and the healthy treat is American Heart Association Heart-Check Certified with just 80 calories per serving, making it the perfect centerpiece for Valentine’s Day recipes.

EIGHT SWEETS FOR YOUR SWEETHEART

Few things can elicit “oohs and aahs” on Valentine’s Day as much as decadent desserts. Sweets and romance seem tailor-made for each other. That’s why heart-shaped boxes of chocolate and other sweets are snatched up in droves and handed out like, well, candies, come February 14.

According to Nielsen Product Insider, Valentine’s Day chocolate sales reached nearly $11 billion in 2018, and candy generated $695 billion in sales. In terms of baked goods, the top-selling items sold during Valentine’s Day included dipped/covered treats, message cookies, iced cookies, cupcakes, and two- to five-count doughnuts. Wine, chocolate and strawberries also are very popular Valentine’s treats.

Those pondering giving something sweet this year can consider the following desserts.

1. **Bananas Foster:** This treat is made from bananas and vanilla ice cream. A sauce made from butter, brown sugar, cinnamon, dark rum, and banana liqueur is placed over the cooked bananas and ignited like a flambe to create a caramelized dessert.

2. **Black forest cake:** This chocolate cake marries layers of chocolate sponge cake with a rich cherry filling. It is based on the German dessert, schwarzwälder kirschtorte. Whipped cream often tops off this rich cake.

3. **Cannoli:** These Italian pastries originated on the island of Sicily. They consist of tube-shaped fried pastry dough filled with a ricotta cheese-based cream.

4. **Cheesecake:** Cheesecake often is made with a crust of crushed cookies, graham crackers or sponge cake. A thick layer of batter made from sour cream, cream cheese, eggs, and sugar is cooked into a semi-soft consistency. Some cheesecakes are light and fluffy, while others are dense and decadent.

5. **Chocolate truffles:** Not to be mistaken for their fungi cousins, chocolate truffles are made by forming balls out of chocolate ganache (made from heavy cream and melted chocolate), and rolling them in cocoa powder.

6. **Cream puffs:** These tasty morsels are made from a French choux pastry dough filled with a moist filling of sweet cream or custard.

7. **Napoleon:** The French offer a layered dessert, and it comes by way of millefeuille, also known as a Napoleon pastry. Puff pastry dough sandwiches vanilla custard or cream in various layers.

8. **Tiramisu:** Meaning “pick me up,” tiramisu is the Italian take on a layered dessert made from ladyfingers cookies dipped in coffee and a whipped mixture of mascarpone cheese and cream, topped with cocoa.

COMBINE DECADENCE WITH REFRESHMENT

Chocolate is often described as “decadent,” and rightfully so. Few foods can make people feel as if they’re being indulgent as well as chocolate. Perhaps that’s what makes chocolate such a great fit for Valentine’s Day. When giving that special someone some chocolate on February 14, you’re not just giving them something delicious, but also a chance to indulge in a forbidden fruit.

But chocolate desserts can be more than merely decadent. In fact, this recipe for “Pasticcio di Cioccolato con Lampone (Individual Chocolate Cakes With Fresh Raspberries)” from Michael White and...
Joanna Pruess’ “Fiamma: The Essence of Contemporary Italian Cooking” (Wiley) is both decadent and, thanks to the fresh raspberries, refreshing. The individual cake is an ideal Valentine’s Day gift, as it serves to emphasize how that special someone is the only one for you.

**PASTICCINO DI CIOTTOLO CON LAMPONE**

*Makes 8 servings*

- 1-1/3 cups cake flour, sifted
- 1/3 cup plus 2 tablespoons cocoa powder, sifted
- 1/4 teaspoon baking soda
- 6 tablespoons unsalted butter
- 6 large eggs
- 1 cup granulated sugar
- 1 teaspoon vanilla extract
- 1 cup heavy cream
- 1/4 cup confectioners’ sugar, sifted
- Vegetable cooking spray
- Pinch of sea salt

Preheat the oven to 325 F. Spray a standard muffin tin with nonstick spray or fill 8 of the cups with paper or foil liners.

Sift the flour, 1/3 cup of cocoa, salt, and baking soda into a bowl and set aside.

Melt the butter in a small saucepan and set aside.

Combine the eggs and sugar in the bowl of an electric mixer fitted with a whisk attachment. Set the bowl over a pan partially filled with simmering water. The water should not touch the bowl. Using a whisk, beat the egg-sugar mixture until it feels very warm to the touch and all of the sugar has dissolved. Immediately remove the bowl from the heat and transfer it to the electric mixer.

Whip the egg-sugar mixture on medium speed for 3 to 4 minutes until it triples in volume and is very thick and light colored. Add the vanilla and whip 2 to 3 seconds longer to blend. Remove the bowl from the mixer and gently fold in the flour-cocoa mixture.

Place about 1 1/2 cups of the batter in a separate bowl and fold in the melted butter. Do this gently, as you do not want to overwork the batter. Fold this into the remaining batter. Divide the batter evenly among the cupcake tins. Bake in the center of the oven for 20 to 25 minutes, or until a toothpick or knife inserted in the center of one cupcake comes out clean. Remove and cool completely on a rack.

While the cupcakes are cooling, combine the heavy cream with the confectioners’ sugar and the remaining 2 tablespoons of cocoa, beat into soft peaks, and set aside.

Remove the cupcakes from the tin and place them on dessert plates. Spoon the whipped cream on top, divide the raspberries among the plates and serve.

We put every Trane through the harshest conditions nature or our engineers can throw at it—like in our SEET lab, where temperatures fluctuate between freezing and broiling, all in the same day. That’s how we get a product you can count on to run through anything. We never settle, so it never stops.

Havasu Heights Open Houses are 7 miles North of Lake Havasu on Hwy 95.
What started as a small thank-you to winter visitors in 1985 has developed over the years to become one of Lake Havasu City’s premier events - the Annual Winterfest Street Festival, presented by the Lake Havasu Area Chamber of Commerce.

McCulloch Boulevard - in Havasu’s Downtown District between Acoma Boulevard and Smoketree Avenue - will be closed to traffic as hundreds of craft, information, commercial, and food vendors will line the center of the street.

The two-day event will draw more than 30,000 area residents and winter visitors for the all-encompassing festival that provides a fantastic shopping opportunity combined with fun for the entire family. It will be Saturday, February 8 from 9 a.m. - 5 p.m. and Sunday, February 9 from 9 a.m. - 4 p.m. There is no admission fee.

More than 250 vendors and local organizations will take over the boulevard in the allotted 425-plus booth spaces. Shoppers will discover a wide variety of items including fine art, crafts, jewelry, bed linens, home décor, automobile products, and more.

Fair foods are also a highlight of the event. This year, there will be everything from hot dogs to Greek and smoothies and everything in between. The food court area will be located midway along the route.

“We have some new and unique food and merchandise vendors as well as tried and true favorites,” said Niki Nickle, Vice President of Investor Relations for the Chamber.

Returning festival-goers will notice a change in venue for the beer garden and live music. They have moved from the park on the corner of McCulloch and Querio to Yard City, which next to Smallcakes. The park will have kids’ activities as well as some tables and chairs for food court diners.

Yard City is a great place to relax, have a cold beverage and food, while listening to live music. Saturday’s headlining band, The Borrowers will play starting at 1 p.m. Sunday’s headliner, The Riptides, will play from 11:30 a.m. to 3:30 p.m.

There will be opening ceremonies on Saturday at 10 a.m., courtesy of Mayor Cal Sheehy, music by the Colomonde Chorus, and posting of the colors by the Lake Havasu City Marine Corps League.

The center of the boulevard is not the only place to browse and shop - stores and restaurants on McCulloch will be open for business.

Lake Havasu Museum of History to host Water/Ways exhibit

Water/Ways, a traveling exhibition from the Smithsonian Institution’s Museums on Main Street program, will be on view at the Lake Havasu Museum of History from February 8 through March 22.

The museum will be closed for installation of the show starting on Friday, Jan. 31 and will reopen on Saturday, Feb. 8. This beautifully designed exhibition features photography, video, and interactive kiosks that reveal the scientific, cultural, and universal impact of water as the most valuable resource on earth.

Water/Ways has traveled to 11 other venues in Arizona, with the Lake Havasu site the last and only location in the northwestern part of the state. Each host site focuses on the impact of water to their communities as water is essential, not only to life, but, in the case of Lake Havasu, to its unique history and local economy.

Programs accompanying Water/Ways include ASU professor Dr. Paul Hirt speaking on Feb. 11, at 7 p.m. in the gymnasium at ASU@Lake Havasu. The lecture is free and open to the public. Dr. Hirt specializes in the history of the American West, environmental history, and sustainability studies. In addition, educators are encouraged to schedule class tours by calling the museum. Family and children’s programming is planned at the museum during spring break, March 16-20.

The Water/Ways exhibition is aligned with the Lake Havasu Museum of History’s mission to present the significance of the creation and development of the Lake Havasu City area so students and visitors of all ages can learn from the past and recognize the need to preserve the region’s historical heritage that includes archaic peoples, Hispanic settlers, miners, dam builders, as well as the dreamers and developers that have made the region what is today.

The Lake Havasu Museum of History is able to present this show with grant support from the Smithsonian Institute, Arizona Humanities, Arizona State University, the Allied Arts Council of Lake Havasu, and the Metropolitan Water District of Southern California, combined with the generosity of local business and individuals.

Symphonic Winds performs a Tribute to Love

Valentine’s Day is approaching and romance is in the air, so Director Kimberly Lehmann has assembled a collection of musical pieces that express the beauty of love and romance. Lehmann will lead the Lake Havasu Symphonic Winds band in its third concert of the season, entitled “A Symphonic Tribute to Love” on February 9 at 3 p.m. at the Lake Havasu High School Performing Arts Center.

2675 Palo Verde Blvd. S.

In keeping with the theme, the band will perform a variety of musical styles including a big-band medley called “Crooner’s Serenade”; another medley “A Gershwin Tribute to Love”; John Williams’ “Princess Leia’s Theme” from Star Wars; selections from “My Fair Lady”; “A Tribute to Billy Joel” and many more.

As a special feature, classically trained lead trumpeter Dante Marinelli will step into the spotlight to perform “Two Irish Folk Melodies”. These familiar tunes were arranged for band and solo trumpet by Donald Hunsberger for Wynton Marsalis for the album entitled “Carnaval”. This promises to be a very special, not-to-be-missed performance.

Admission is $10 for adults; children with an adult and students are admitted free. Tickets are available at the box office prior to the concert, or in advance, which is recommended, at Sound Bank Electronics, 1931 McCulloch Blvd.

For more information, call 928-680-6927 or visit the band’s website at www.lhswinds.com.

You’re Invited!
Open House February 7

Lake Havasu Cosmedics will bring in a facial aging expert to speak on aging and options, prevention, and being your personal best. They will have individual mini consults and education at this event. They will also have some before and after photos of our results with soft surgery using the plasma pen. The plasma pen treats any area you have skin, including those places that used to be reserved for surgery only (brow lift and upper and lower eyelid tightening). Call 928-680-7356 to reserve your spot.

Plasma Pen
The Plasma Pen offers surgical results without the knife. This approach is called soft surgery and can help to tighten, lift, or rejuvenate your skin. Soft surgery with Plasma Pen means no downtime, no damaging effects and very little aftercare. During soft surgery, the skin is treated with controlled bursts of plasma gas in order to lift and tighten the treated area. Without damaging the tissue, Dr. Carls can carry out numerous soft surgery treatments, including forehead lifts, crow’s feet smoothing, jaw augmentation, eye lifts and bunny lines. Their soft surgery treatments can also be used to smooth acne scarring and uneven skin tone. Because Plasma Pen soft surgery procedures are non-invasive, there is no need for a general anesthetic, as required with more traditional surgeries, and they are carried out by Dr. Carls. Soft surgery is ideal for mid facial, lower facial, and advanced skincare treatments.

Botox and Dysport continue to be among the most popular treatments for patients. Both injections block signals from the nerves to the muscles, so the injected muscle can no longer contract. This causes the wrinkles to relax and soften. Lake Havasu Cosmedics now offers a more concentrated longer-lasting (up to a year) Dysport option. This is unheard of in the past 20 years of Botox, which is typically re-administered every 3 months.

Sculptra is a long-lasting collagen stimulator that uses your own body’s regenerative response to add volume lost as you age. It provides a very natural result over time and changes the skin texture, tone, and elasticity for the better. They also have had beautiful results with fat transfer to address volume loss.

Aloha! In this saga, we last left off with Kylee Danaher, an ASU Havasu student, adapting to her new life aboard the MV World Odyssey for a semester-long study abroad program. Having learned to adapt to life at sea, Kylee was ready to embark on an adventure at their first stop. The lush Hawaiian Islands would be the first destination to welcome Miss Danaher and her peers since their embarkation from Mexico. Without further preface, grab your flip-flops and sunscreen as we meet Kylee in the Aloha State:

Although the stop was short, we definitely enjoyed every second of it. Our ship had stopped to refuel in Hawaii before making way for Kobe, Japan. My peers and I who were enrolled in field classes were able to disembark in Hawaii, while those who were not, remained on the ship. For my Natural Resources in Tourism class, we got to explore the green paradise of Hawaii while rain poured down on us. Although, after being at sea for a week, the rain was a welcome consequence to be on land. After being led by our tour guide, which was an incredible and authentic experience all on its own, our first landmark to see on the islands was Pearl Harbor. There we got to learn a great deal about American history and see the USS Arizona memorial. After our tour, we had lunch at Haili, a traditional Hawaiian restaurant. We all had combo plates that offered a variety of choices. I’ll admit that I was hesitant to try everything, but as I wore my grandma’s bracelet, I could hear her encouraging me to try it all! Even though I wasn’t a super-fan of everything I had eaten at the restaurant, I was lucky enough to find the time to stockpile my favorite island treats: macadamia nuts, chocolate covered macadamia, and maui chips, oh my! After experiencing all of the Hawaiian culture we could in just one jam-packed day, we fled to the nearest Walmart on the island to restock on American snacks before officially leaving the country. Back on board, we all wrapped up our farewells. Scrambling to get postcards to the mailbox and making last-minute phone calls to our loved ones, we were ready to depart for our next destination. As they say on the islands, a hui hou... “until we meet again.”

The 100th day of School at Smoketree Elementary

Reaching the milestone of 100 days of school is a call for celebration! In our classrooms, we talk about all the things we have learned and the knowledge yet to come. We revisit our hopes and goals from the beginning of the year, and see how close we are to meeting our goals. The 100th day of school is a way to practice all of the ways to count to 100, and it is a day which incorporates a number of math concepts. Celebrating the 100th day is a fun way to combine all aspects of the curriculum into a focused activity. We incorporate reading, writing, science and social studies throughout the week leading up to the 100th day. Most of all, it makes math fun! We are looking forward to counting more great learning days at Smoketree.

There were many activities available at math night. The Kindergarten team made a fruit loop necklace with 100 fruit loops and the first grade team assisted students in completing 100 jumping jacks. Second grade challenged students to write 100 words, while third grade offered helped students make a collage of 100 things. Fourth and fifth grade challenged students to card games and sixth grade estimated how many beads are in the jar. Our student developmental center made a hat that says 100 on it. The long line to the art room was students waiting to have their faces painted! We had seven pet partners who read with our students. Our PTSO had pizza and water available for the evening. All in all, it all added up to be a fun, family evening!

On 100th night we asked staff, parents, and students what they enjoyed most about 100th night. The whole night was a success. Here is what they said:

Chase, a Smoketree parent, said, “What I enjoyed most about 100th night was that families can come together and have fun with each other.”

Mrs. Zink, a Smoketree teacher, said, “What I liked best about 100th day was that the kids can dress up like they are 100 years old!”

Kayla, a 5th grade student, said, “What I liked best is the whole 100th day event!”

SMOKETREE SPOTLIGHT

Mrs. Biasiucci – Art Teacher

Each week an individual—or individuals—will be featured for their hard work and commitment in our school systems

Student council asked Mrs. Biasiucci, “What’s one thing you like most about Smoketree?” She said she likes that all the students have good behavior and that they all have a good sense of community. She said she chose to teach art because it was an open door and an opportunity for adventure. Mrs. Biasiucci enjoys discovering her students’ creative sides. Her favorite lesson to teach in art is how to use chalk and how to repurpose things from recyclables.

Singapore Math curriculum utilized by the district

Singapore Math is a new curriculum that is being used by the district. This helps our schools stay unified with the math standards and where we are in the curriculum. This helps with new students transferring from school to school within the district.

Singapore Math is set up to give students multiple methods on how to solve different problems. It is designed to help students with their number sense and how other numbers influence each other whether it is adding them, subtracting them, multiplying or dividing. This gives students an opportunity to learn “math tricks” because they have an understanding of the numbers and how they affect each other.

This curriculum also provides teachers with the resources that are needed, like manipulatives, which was not present in the past when there was no one set curriculum in place.
