Lake Havasu in summer is one of the most popular vacation spots in the United States regardless of the city’s 110-degree weather. The water is a balmy 85 degrees, there are 45 miles of lake to play on and there is no other place like it in the desert for beating the summertime blues.

The lake has become a desert oasis for boaters, water skiers, wakeboarders, and Air Chair daredevils. It’s known worldwide for the regattas, international personal watercraft racing and tournament fishing. From early March (spring break) through October, the beaches are packed with water recreationists of all ages because of the southwest weather and the unique view.

MTV put the party aspect of Lake Havasu on the radar screen with a spring break special in 1994, and the Travel Channel, the History Channel and Playboy Television have continued to air specials about its special qualities. But the channel that matters most is the Bridgewater Channel, named because of the London Bridge, where people flock to find a spot to moor, to cruise, and, of course, to have a great time.

The Bridgewater Channel is a man-made waterway that is one mile long from the north end to the south. The north end opens to reveal the shores of Crazy Horse Campground (on the Island), Windsor Beach (on the mainland), the Havasu Wildlife Refuge (where the Colorado River marks its entry into the lake) and Havasu Landing (located on the California side.)

The majestic London Bridge

BEAT THE SUMMERTIME BLUES – CONTINUED

On the southern end, the Channel runs along the shores of London Bridge Beach (on the Island) and Rotary Community Park (on the mainland) before dumping into Thompson Bay. The heart of Bridgewater Channel lies in the English Village, where the five-arch London Bridge stretches from mainland to Island shore. There are places to eat, to shop, to rent water toys and boat rides.

There is a Visitors Center at the front gate that offers information on what to do, where to dine and who to contact for activity. The English Village is accessible by land or water and there are walkways that go the length of the south end or to cross the Bridge to the Island side.

The channel waters are very warm, but swimming is banned for safety reasons, and there’s no overnight mooring, but there are plenty of spots to wade or float along the shore as boats cruise from end to end. People may place lawn chairs on the water’s edge or perch on the end of their moored craft as long as their (boat) engine is not running.

Both Rotary Community Park and London Bridge Beach have family picnic ramadas, and London Bridge Beach has a designated area to run dogs. Both parks have volleyball courts, and Rotary Community Park has Tinnell Memorial Skate Park.

There are public facilities in both areas and there is a designated swimming area for children and adults. The park is open to the public until 10 p.m.

The channel, the bridge and the lake draw thousands of visitors each year and together, they are a popular attraction in the State of Arizona. The lake is currently the location for the International Jet Sport Boat Finals (in October) and for several national fishing tournaments (held throughout the summer and fall).
Around and about Havasu

The Lake: Lake Havasu has been a go-to water playground for more than 50 years, attracting thousands of boaters, desert lovers and partygoers who play on the waters extending from Topock to Parker Dam, sandwiched between the ever-changing colors of scenic bordering mountains. The fun starts here!

London Bridge: Dedicated in 1971, this memorable bit of British history helped put Lake Havasu City on the map when it was removed from the River Thames and reassembled here 128 years later. Walk across the bridge to get a view of The Channel below, and as you steer your boat under one of the arches, give that horn a blast or rev up the engine!

Bridgewater Channel and English Village: The walkways along both sides of the mile-long man-made channel that connects the lake basins, north and south, offer a chance to shop, rent watercraft, take a scenic boat tour, take your dog to a dog park, walk and watch the ever-changing flow of boats and watercraft passing by... not to mention the people.

Floating Restaurants on the Parker Strip: Before there was a Lake Havasu City, the Parker Strip was the party of choice after World War II. The Roadrunner Floating Dock and Bar; Fox’s; and the recently-renovated Sundance Saloon have party stories that

will go on as long as the sun sets behind the gorgeous desert backdrops of these river hot spots.

**Float and Ski the Colorado River:** Below Parker Dam, wakeboarding and water skiing is terrific – the shorelines absorb the boat wakes and offer a smoother experience. Here, boaters like to head up river from docks and launch ramps to just below Parker Dam, then float lazily down river, surrounded by spectacular terrain, east and west

**Play! Play! Play!** Get out on the water – that’s why you’re here, and no excuse! From Topock to Havasu to Parker, you can rent boats and pontoons, ski equipment, personal watercraft, SUPs, kayaks … if you’ve never done so, try the versatile personal watercraft – you’ll feel like a racing pro in no time at all!

**Island Fashion Mall:** You can have lunch or dinner at Shugrue’s, Barley Brothers, and Makai Café, the latter offers patio breakfasts. You will overlook London Bridge and the Channel, and there’s a different feel here at night.

**Javelina Cantina:** Adjacent to London Bridge Beach and a dog

Top 5 Ways to have your best skin ever!

Dr. Carls, Lake Havasu CosMedics

1/5 Sunscreen. If you’ve heard it once, then you’ve heard it a thousand times: The sun is your skin’s worst offender. Besides leaving skin dry and spotted and increasing your risk for skin cancers, as well as advancing the signs of aging, going a day without sun protection is like walking into oncoming traffic—the risk that something bad can happen is just too high. Dr. Carls recommends A-Cute Derm’s once a day sunscreen.* It protects across the UVA/UVB spectrum, is waterproof and passes a toweling test. This medical grade sunscreen comes in various sizes with costs starting at $10.

2/5 Neuromodulators like Botox Cosmetic, Dysport and Xeomin. Wrinkles can age your appearance and make your skin look dull and weathered. But one of the easiest, and quickest, ways to get rid of them is with injections of neuromodulators Dr. Carls uses Dysport, it is a great treatment for both wrinkle reduction and prevention. Botox and Dysport are a purified proteins that is injected into facial muscles, causing relaxation of the muscle and therefore relaxes the pull on the skin, which relaxes the wrinkle. By keeping up with this procedure, wrinkles will continue to improve. Dr. Carls charges $4 per unit for Dysport.

3/5 Retinol (Polypeptide). Still considered the gold standard topical for fighting effects of aging, Polypeptide is an essential in the quest for perfect skin. It increases skin cell turnover that yields fresh, youthful skin cells, thins the dead cell layer that produces rough spots and increases the moisture content of your skin. Purchase 1 ounce at Lake Havasu CosMedics for $30.

4/5 Glycolic acid cleansers and daily treatments. According to Dr. Carls, regularly washing your skin with an glycolic acid cleanser is an easy way to keep it looking good. SkinMedica’s equivalent costs $47; Dr. Carls recommends A-Cute Derm’s Anti-Aging Facial wash, which sells for $19. The daily treatment is $30. Both gently exfoliate to decrease pore size, minimize brown spots and keeps pores clean to prevent acne breakouts.

5/5 Microneedling With PRP (Platelet Rich Plasma). The idea of having a bunch of tiny needles rolled across your face may sound scary, but microneedling has become one of the best-kept secrets in the beauty industry. It’s safe and improves skin texture and tone. Dr. Carls performs this service for $600, much less than a series of laser treatments with much lower risk.

park, you can walk along the Channel and watch the party, or take your dog for a little recreation.

Rotary Community Park: If it’s not too hot, you can walk from the park to the London Bridge Resort and Kokomo’s – enjoy the patio view during the day, and the music and dancing at night. The popular walk from the park, through English Village and to the north end, is two miles one way.

Nautical Beachfront Resort: Arizona’s only resort located on a lakeshore, it was the first hotel here. Watercraft rentals, a kid’s water park, great beaches and the ubiquitous patio dining at the Turtle Grill – you gotta like it!

Sightseeing: Take the Teco-water taxi to the Chemuhevi Tribe’s casino, restaurant and bar at Havasu Landing, across the lake from Lake Havasu City. It’s a couple of bucks across and back and offers a good perspective on Lake Havasu and surrounding mountains.

Copper Canyon: On the California side of Lake Havasu, just a few miles south, this hot spot has made headlines and has been the source of legendary party antics – and a 35-foot spire called “Jump Rock” that has attracted boaters, fortified by adult beverages, to climb it, peer below and take a leap, cheered on by the crowd, and usually ending well. Usually.

Bill Williams National Wildlife Refuge: On the south end of the lake, you can launch your paddleboard or kayak – provided you can tear yourself from the view to the north.

Havasu Springs Resort: Speaking of views, tie up your boat to the dock, have dinner and watch the sunset from the south end of Lake Havasu. IT’S A PIRATE’S LIFE FOR ME!
Pirate Cove Resort: Oh my! They got it right. This themed location just above Topock is more than a local attraction – it’s a national magnet. Marina, motel, RV spaces, beach bar, store, off-road adventure and scenic ambiance to die for.

While We’re At It: Nearby Pirate Cove downstream is Topock 66, a nifty restaurant and bar with docks and fuel, a pool and outdoor entertainment. It overlooks the Havasu National Wildlife Refuge and beyond for more than 30 miles. There’s also a men’s restroom that will leave men laughing, women gasping and children wondering.

Below Parker Strip is Pirate’s Den: – The theme is self-explanatory – with docks available off the river in a small marine, a restaurant, an open, covered outdoor dockside bar and outdoor dining.

Yo! Ho! Matey! Stop here.

And do this:

Record-Breaker: Take a drive across Parker Dam, the deepest dam in the world – 320 feet below the surface – no RVs, please.

Unicorn Sighting

It’s not every day you go to the lake and see a unicorn. A floating one at that too! But here in Lake Havasu City, anything you imagine can become just that — real. Crystal Caldwell is the owner of the unicorn float and is a first-time visitor to Lake Havasu City. She used to live in Georgia and had traveled six times to Arizona, before deciding to make Arizona her home. Crystal moved to Chandler and ventured out in discovering the state of Arizona.

The clear waters and the view drew her to Lake Havasu City. She is staying at London Bridge Resort and highly recommends the place.

Crystal has enjoyed celebrating her 39th birthday on the water. She says her favorite restaurant is Barley Brothers and loves their German sausage entrée. Crystal was surprised by how many awesome, nice boats there are and the busyness of the lake. Will she come back again? Crystal says, “Definitely, will come back to Havasu!”

AT DENNYS.COM
Denny’s has been accommodating customers in Lake Havasu City with its 24-hour dine-in service since the early 1980s. The restaurant recently added two more ways to enjoy its delicious variety of food - anytime.

Denny’s on Demand allows customers to have Denny’s at home, in their hotel rooms - or even on their boats - thanks to online ordering for carry-out at Dennys.com; or have food delivered through the Uber Eats or Postmates websites.

“When people get off the lake, they can order food from their phone and stop by on the way to their hotel room and pick it up. It will be bagged and ready to go when they get here,” said Stacey Taylor, general manager for Denny’s in Lake Havasu City. “If they’re at their hotel, they can order food have it delivered to them.”

The Denny’s Corporation recently partnered with Uber Eats and Postmates for delivery - simply go to their respective websites to see the Denny’s menu and place an order. Stacey stressed that because of that partnership, “Uber Eats and Postmates cannot price gouge on delivery rates,” for example, on busy holiday weekends.

Stacey believes that location, hours, and its extensive menu contribute to Denny's popularity with both residents and visitors. It is the only sit-down restaurant in Lake Havasu City that is open 24 hours a day, seven days a week. The menu includes a variety of appetizers and desserts, and breakfast, lunch, and dinner entrées.

Denny’s is located in the Safeway shopping center at 1620 McCulloch Blvd., near the corner of Lake Havasu Avenue. It is visible from both of those thoroughfares, and as people travel from the Island across the London Bridge.

“We’re available on your way to and from the lake,” Stacey said. “We’re right in the Safeway shopping center so if you’re stopping by there as you go to the lake, you can stop here, too. We do have a good variety on our menu.

“We’re always here - 365 days!”

Spike Ball at the Channel

These young vacationers found time to take a break from their spike ball game to pose for a picture. Adam Jakubowski says Lake Havasu City is a relaxing experience. The highlights of his trip has been going to Javelina Cantina for some really good Mexican food and the bars, BJ’s, Flying X Saloon, and Kokomo. Originally, from Minnesota, Adam surprisingly noted that there were a lot of Midwesterners in Lake Havasu City. His souvenir he wants to bring back home, Adam said, “A good tan line and burnt.”

About the family

Born and raised in Lake Havasu, Brian and wife Juls took over the Human Bean from a franchisee on Lake Havasu Avenue in 2006. By the end of March 2019, they will have opened their 6th store. They have 3 locations in Lake Havasu, 2 in Bullhead City, 1 in Kingman and are due to have a location open in Fort Mohave in August 2019. With Juls’s knowledge and experience as a barista and Brian’s real estate background, the two transformed Human Bean into a Havasu landmark with a family vibe. Brian and Juls pride themselves on the customer service of their highly trained staff.

Community

Both Brian and Juls value giving back to the community they love so much. Juls, who taught for sixteen years, enjoys creating fundraisers for Havasu schools. Together they have raised enough money to construct a new playground for kindergarteners and have contributed to a new Smart Board at Calvary Christian Academy. In addition to fundraisers, the Human Bean participates in the K12 Golden Apple Awards, where every month a teacher is nominated. To show their appreciation to teachers, the Human Bean donates gift cards as rewards and offers 10% off every Tuesday for teachers as well as 10% off to students (with valid school ID or shirt).

Besides giving back to the Havasu community, The Human Bean is part of the Farm Friendly Direct. This means that they pay a premium so that their farmers can make a living wage. They also employ over 65 Baristas in the tri-state area. Their coffee is not only the highest quality, but the premium they pay funds local infrastructure in the farmer’s communities. For more information visit the Human Bean’s website.

Not Just Coffee

You may think that the Human Bean only serves coffee, but did you know that they offer a variety (168 to be exact!) of drinks from Rockstar Smoothies, Italian Sodas, to Whole Leaf Teas?

Not sure what you want? Describe what you like to the baristas and be amazed by the highly trained staff as they custom create a drink tailored just for you! Plus, each drink comes equipped with a chocolate covered espresso bean. Download the Human Bean App to earn rewards and get discounts and special offers!

Come to the Human Bean for all of your coffee and drink needs! Enjoy exceptional customer service and wildly delicious beverages at all of Human Bean’s locations!

Mark Curry loves fishing. He’s even won a world championship and has fished all over the world. He loves supporting the sport—and it shows! Just 4 Fun PowerSports is a full-service sales, parts, and service business that specializes in Yamaha boat brands such as G3 and Sun Catcher.

Mark lived in Lake Havasu City from 1982-1989, but grew up visiting with his family from southern California. His mother Mary Ann was even on city council and then was vice mayor of Lake Havasu City. Family-owned, Just 4 Fun has 7 employees, including Mark’s parents Mary Ann and George. Mark says one thing that he’s proud of is that his business gets along well with other dealers in town. Because they primarily specialize in fishing boats, he feels like the competition is a positive thing, and he sees room for all of them.

Just 4 Fun not only sells new and used boats, they service all boats. They have two technicians who work really hard to get boats in and out of service as fast as possible. Mark says, “We have a lot of urgency in the shop.” He understands that fisherman need their boats in a timely manner, especially if they have tournaments.

Open 9am-4pm Monday – Saturday, Just 4 Fun is housed in a brand new facility on the south side, but Mark explains they stay open if there are customers with needs. They have a full parts department, and if they don’t have what you are looking for, they can usually get it the next day.

They are the #1 fish boat dealer in the nearby market, and the #9 dealer of 259 for their brands. They rate 100% on the Customer Service Index. Mark has been in the industry a long time. He started in boat and RV sales in 1982 after he completed his service in the Air Force, and he doesn’t have plans to stop anytime soon. He loves to chat about all things fishing. Come see the team at Just 4 Fun for value pricing and a family atmosphere.

VOTED Havasu’s #1 Restaurant!
Looking for a Great Place to Eat?
Juicy’s Is the Place with the Great Food!

For many Americans, eating out is more than just a pastime; it is necessary. Studies show that most of us eat 25 percent of our meals out. Not only is eating out a great way to get away from home and lighten the workload, it is a convenient way to interact with loved ones and family without spending hours making a meal.

THE RIGHT CHOICE

An easy way to make the right dining choice is to ask the locals where they like to eat. Looking on social media such as Trip Advisor, Yelp, and Facebook will give you a good indication of how the restaurant experience of others has been. You will find that Juicy’s is the top rated restaurant on all social media and is known locally as “The Place with the Great Food!”.

A restaurant that has been in town for over 40 years and evolved from a small little fast food restaurant serving great tacos, burritos and fantastic burgers into a top of the line full service restaurant and bar should be a good choice.

OWNER INVOLVEMENT

Is the owner actually involved in the operation of the restaurant and seen dealing with customers and staff making sure all of his/her customers are delighted with their good food, service and everything about their dining experience? This is something you rarely see in this day and age and it’s always a good sign; and if that restaurant is busy and not located in the tourist areas, like by the water, restaurant row or on the main drag, you can bet you’re going to be very happy with your choice.

Is the staff a reflection of the owner? Juicy’s staff are

Juicy’s recently started a VIP Rewards Program to show appreciation to their loyal customers. Free gifts on your birthday and other special occasions including member-only specials. Ask a Juicy’s staff member for details.

HELPING YOUR LOCAL ECONOMY

The local dining movement asks people to eat at their neighborhood restaurants. Every meal you eat at your neighborhood restaurant helps your community in a variety of ways. It creates local tax revenue that will be spent in your community as well as it helps local vendors and workers. Many restaurants are part of corporate chains where the profits are shipped to their faraway headquarters and not spent within your community. The more locally focused a business is, the better it will be for your community.

MENU CHOICES

It is always nice to have a variety of menu items to choose from and Juicy’s has it, pastas to die for; seafood, hand-cut Alaskan cod served in their famous tempura fish and chips, shrimp dishes, salmon, hand cut steaks and perfect prime rib. A special night for everyone; Monday is south of the border night, Tuesday is pot roast and veggies, Wednesday is Free appetizer night with purchase of 2 dinners and 2 beverages, Thursday is corned beef and cabbage, Friday is all you can eat fish and chips and Saturday is prime rib hand cut, charred or blackened.

Don’t miss out on Juicy’s Happy Hour: 3-6 PM, Monday thru Friday. The best drink & appetizer specials in town.

TIME TO DINE

Next time you decide to eat out, dine at “The Place with the Great Food.” It creates a mutually beneficial relationship that makes your community stronger and healthier. That is something that everyone can support.

London Bridge Resort has been a staple of the Lake Havasu City community for over 30 years. London Bridge Resort is proud to be part of the community and serve visitors to Lake Havasu City.

The Resort is situated on the Bridgewater Channel – adjacent to the world-famous London Bridge. Visitors can stroll between Rotary Community Park and the English Village as they take in the sights and excitement of the Bridgewater Channel area.

London Bridge Resort has over 12,000 square feet of indoor meeting and banquet space and hosts weddings, meetings, social events, and benefits. In addition, it hosts many of the area’s events including Relics and Rods’ Run to the Sun.

Inside the Resort, visitors will find Martini Bay, past recipient of Lake Havasu Hospitality Association’s Top Chef Award. The Grill at Martini Bay features a casual dining menu that includes flatbreads, steaks, seafood, and burgers. After dinner, Martini Bay becomes one of Lake Havasu’s premier nightspots.

The Resort’s Kokomo – Beach, Surf, & Party Bar – is located right on the edge of the Bridgewater Channel and features a swimming pool and some of the area’s best entertainment. It has hosted top-name entertainers including Little Jon, LMFAO, Warren G, Jordan Sparks, Chainsmokers, and Vanilla Ice. Kokomo has been named by the Travel Channel as one of the World’s Best Nightclubs and Party Destinations. Kokomo – Beach, Surf, & Party Bar is a place you must experience.

As visitors enter the main lobby of the London Bridge Resort, they are greeted by a full-sized replica of the Queen’s Carriage. The all-suite waterfront resort – with 122 deluxe suites – features Splash Pool and Waterslide, Fitness Center, and Business Center.

For over 30 years, London Bridge Resort and its team have been creating memories for each of its guests.

For over 21 years, the familiar Mudshark sign that can be seen from AZ State Route 95 has beckoned hungry and thirsty travelers to Mudshark Brewery.

The friendly service and extensive menu - with over 60 items featuring American cuisine and 18 Mudshark beers on tap at all times - has kept customers going back. Choose anything from burgers, sandwiches, and pizza to shrimp tacos, salmon fillet and ribeye steaks. Servers can suggest the ideal Mudshark beer for the meal.

Top sellers include Upriver Light Lager and Full Moon Belgium White Ale.

Mudshark Brewery has bar, restaurant, and patio seating, which can also be used for special events and private parties. The bar has a 15-foot TV screen that can be put down for games or special events. This Mudshark location, the second opened by Scott and Tina Stocking, is open daily from 11 a.m. to 10 p.m.; and until 11 p.m. on Fridays and Saturdays during the summer.

Mudshark Brewery offers menu variety

Havasu residents and California visitors alike have been enjoying Mudshark Pizza & Pasta since 1993 - making it one of the city’s oldest pizza restaurants. One of the reasons for its longevity is the quality of the food. All of its pizza, pasta, salads, and subs are made fresh to order and offered as dine-in, carry-out, or delivery. And now, it’s even easier to do the latter two with online ordering. Place an order and grab it on the way to the lake; or have it delivered - Mudshark delivers to all of Lake Havasu City, including Desert Hills and Donkey Acres. The pizzas start with handmade dough for the crust; and now all Mudshark locations offer a healthier, gluten-free alternative. Mudshark is active in the community by supporting the schools and community organizations. This summer, this location is offering kids a Pizza Eaters Society punch card to make them feel a part of the Mudshark family.

Mudshark: Serving Havasu for 26 Years

Tina Stocking calls Mudshark Brewery & Public House - tucked-in on the north side of town - a “hidden gem.” It takes just one visit to the newest and third Mudshark location, family-owned by Tina and her husband Scott Stocking, to understand why.

It could be the fabulous views of the lake from the patio, the selection of 18 Mudshark rotating beers on tap at all times, or the 80-percent solar-powered warehouse that is ideal for private parties or special events.

This location houses the brewing and packing facility for Mudshark beer. In December, the Stockings added the Public House, which offers a full bar of beer, wine, and cocktails; limited menu of starters, salads, sandwiches, and brick-fired pizza; and live entertainment on selected nights. Open Tuesday through Sunday at 11 a.m. daily for lunch and dinner, stop by for a bloody beer and breakfast pizza. Brewery tours available with brewmaster private testing. Enjoy Mudshark beer at home with canned beer, growlers, or kegs.

Like all Mudshark locations, the Public House is family and dog friendly.

Money in your Pocket, located just around the corner from Planet Fitness, is Havasu’s best resource for collectible and item appraisal. Now in the 4th year serving the Mohave County Area, founder and owner Scott Oglm an his wife Linda are knowledgeable resources for people who are clearing out old items or downsizing. Although his bread and butter buying gold and silver and watches, he is always interested in chatting with people about all sorts of items they may bring into his store. He really enjoys helping people get an understanding of the value of an item and helping them figure out what their next best step is. You could bring in your collectible item or antiquity and possibly get an offer on the spot!

If Scott is unable to purchase your item, he can act as the referral to a host of other agencies that might be willing to purchase your items. This is especially beneficial when selling pieces of art. He is happy to appraise your items in store but you can always start by calling the hotline or texting a photo to 928-855-9687.

Scott is a trained diamond grader and has a knack for telling fakes from authentic items. He even has a whole case of counterfeit items in the store, which is fun to peruse. He’s had quite a few interesting items come through, like vintage guitars, 1800’s medical equipment, a samurai sword, and high-end designer jewelry.

Stop in with your items or pick up his really helpful free lists that are full of tips and checklists to see if your items may have value. Money in Your Pocket is not a pawn shop, and they do not give loans. They are an incredible free resource for determining the value of your items and makes selling items easy and fast.

402 English Village
I’ve seen the world through a bus windshield but nothing compares to the way that I see it when I sit in that old blue chair,” country artist Kenny Chesney sings in his song, “Old Blue Chair”.

Brothers Dallas and Danny Finch, both big Kenny Chesney fans, used that song as inspiration for their new restaurant, Blue Chair, which opened earlier this year in the English Village.

In the song, Chesney sings of relaxing and reflecting on life when he’s in his old blue chair. The brothers wanted to give everyone a ‘blue chair’ by creating a place to eat, drink, relax, and have a good time.

They accomplished that with Island-inspired décor and color scheme, views of the water, adult beverages with names such as Island Girl and Beach Monkey, and a unique menu of starters and entrees with a Caribbean flair. Munch on Cucumber Chip Nachos with jerk seasoned pulled pork and mango salsa; or what about some fried plantains.

Customers can enjoy their meals inside, or on the patio, which is elevated to provide amazing views of the London Bridge, English Village, and lake.

When Dallas and Danny were renovating, they wanted to preserve the history of the building, which was built in the 1970s and housed the London Arms Pub. The original ceiling beams, hardwood floors, and rich dark wood walls remain.

The bar top is inlaid with newspaper clippings from the late 1960s and early 1970s, paying homage to the history of the city; and the walls are covered with pictures and memorabilia - much of which were provided by Havasu residents.

As customers leave, they often stop and take a photo in the big blue chair that sits in front of the restaurant - because, as the song conveys, everything seems better from an old blue chair.

Rubba Duck Safari: A Must Do in Lake Havasu!

Cabana Boat was not the only thing Dallas Finch created. Would anyone be surprised Dallas added Rubba Duck Safari to his list of ideas? Probably not, because Rubba Duck Safari is Lake Havasu’s #1 Excursion for all ages at an unbeatable price. What better way to spend the day than being on the water in your own Rubba Duck watercraft. Each boat has character as well as its own name. Like Moby Duck or Quack Daniels.

Take a Rubba Duck tour of the London Bridge Lighthouses, the infamous Copper Canyon, Pilot Rock, Balancing Rock, Steam Boat Cove around the island and through the World Famous Bridgewater Channel. Experienced guides will escort you on a safe comfortable and exciting journey out on the beautiful blue waters of Lake Havasu. There are stops along the way to relax and enjoy the water while keeping a sharp eye for abundant wildlife that line the shore.

Your options aren’t limited but every duck must find his or her way down to 402 English Village (under the bridge) where your flock can captain their own Rubba Duck 2-4 person watercraft. The 2 ½-hour tour is fun-filled and interactive regardless if you choose the morning, afternoon or evening tours.

This is a five-star tour and a must, must do while in Lake Havasu.
Cactus RV Center, located out at The Shops at Lake Havasu, boasts the largest indoor showroom in all of Arizona. At 25,000 square feet indoors and plenty of show space outside, you are sure to find the boat, personal water craft, or RV of your dreams. They have many popular boat and RV lines to choose from.

You can’t beat the fun, the facilities, and quite possibly the best view of Lake Havasu City—stretching 180 degrees from north to south and a beautiful 26 square mile light show of the city at night. Havasu Landing Resort & Casino gives you the perfect excuse to get out on the lake and enjoy an afternoon or a whole day at Havasu Lake, California, the ancestral home of the Chemehuevi Indian Tribe.

Just a Boat Ride Away
Local residents know that getting there is simple—just hop on the modern 150-passenger Tecopa ferry that operates in the Bridgewater Channel in the English Village and docks at the marina at Havasu Landing. It is $2 roundtrip for a 20-minute scenic boat ride, with regular crossings on the hour on the Arizona side and on the half-hour on the California side.

Bar/Lounge
The staff is friendly, and regulars get to know the casino and resort staff on a first name basis. The Lounge’s regular Happy Hour schedule is 4-6pm Monday-Wednesday with food and drink specials. Thursday is always a fun theme day in the Trails End Lounge. Starting at 11am, you can snack on half-off appetizers, Happy Hour drink prices all day, and music by Chazz from 5-9pm. You can sit back, relax, and enjoy a cocktail and music. There’s also live music on the weekends starting at 9pm.

Trails End Restaurant
Trails End Restaurant is open Sunday-Thursday 8:30am-9:00pm and Friday-Saturday 8:30am-10:00pm. Daily Lunch & Dinner Specials. There’s a $3.99 breakfast special Tuesday-Thursday, and the fish and chips are always a guest favorite. Prime Rib, Fri. & Sat. 4 pm to close (while supplies last). While you’re there, you should try their special Chemehuevi Taco—Indian fry bread with meat, beans, lettuce, tomato, cheese and salsa—a Southwest specialty that will have you coming back again and again. Children are welcome in the restaurant, too, so this is a great place to stop if you’ve got the family out for a day on the lake.

Gaming
The big attraction, of course, is gaming. Right now they have slots and table games in a very intimate setting. With the casino open from 8:30am-12:30am, Sunday-Thursday and open until 2:30am Friday and Saturday, Havasu Landing Resort & Casino offers a fun summer alternative to water sports and other indoor activities. The casino offers 245 slots—penny slots, video slots, poker, and keno—in-house progressives, and a million dollar progressive. They have live blackjack and 3-card poker. Table games are available Monday-Thursday 11:30am-7:30pm, Friday and Saturday 11:30am-1:30am, and Sunday 11:30am-11:30pm.

Marina
Havasu Landing Marina is also ready to serve your on-the-water needs. With 24/7 fuel pumps and newly remodeled slips in a protected cove, you can park your own boat or personal watercraft and visit the Lounge, Trails End Restaurant, or nearby market. The market has a variety of fresh meat, fruits, vegetables, beverages, and bakery items. It’s the perfect place to refuel your boat and your boating supplies.

New Construction
For now, visitors looking to stay at Havasu Resort can rent a vacation home, RV space, or tent campsite. Construction for the new resort and casino is now underway! Completion is expected in Summer 2019. The new facility will be expanded to 320 slot machines and table games. It will also include a restaurant and marina as well as the much-anticipated 48 room hotel.

For many of us, when we think of the Colorado River, we think of sun, sand, waves, and gorgeous views. The river is all of these but, it is so much more. It’s 1,450 miles long and cuts through 7 States. The river is a vital source of water for 40 million people and is the life’s blood of agriculture and tourism in Parker, Arizona. I decided I wanted to spotlight how a member of the Colorado River Indian Tribes views the Colorado River, so that maybe our summer visitors could have a fresh perspective when they visit Parker now and in the future.

Tim Stevens-Welsh is a Mohave Native born and bred. He is a Colorado River Indian Tribal member from Parker, Arizona and has the love of his culture in his blood. He is currently working for Native Grounds Monitoring, Research & Consultants, who work with many tribes in California. Their job is overseeing cultural monitoring projects, a great number of which are on, or near, Camp Pendleton. His job is to enforce and draw up new contracts to ensure no cultural artifacts or meaningful indigenous sites are disturbed. He says California has a lot of great laws on the books to protect these important pieces of history and has a very close working relationship with the California Native American tribes. Tim also works for the 7G Foundation. The mission of the foundation is to inspire Native youth to follow their dreams and help provide educational opportunities for them to make those dreams a reality. Their focus is on tradition and culture, something that is often hard for our youth to hold on to.

in today’s society. Tim says it is difficult for young people to leave the reservations because they are taught from a very young age to take care of their family. Following one’s own dreams takes them away from this, and they often sacrifice their own future because of it. The foundation helps bridge a gap between family and the outside world for these young men and women. Tim also volunteers for the Strong Hearted Native Women's Coalition. This California group teaches awareness on the topics of domestic violence and sexual assault and stresses that it is not a part of Native culture, where women are sacred. Tim also is active with a youth group called the Intertribal Bird Singers. The group is a mix of men and women and he stresses he doesn’t teach them (as the group is composed of a mixture of different tribes), but he provides mentoring and support. Through all of this work, Tim says he is blessed to be able to give back to Native people throughout Indian Country.

Tim used to work for the Colorado River Indian Tribes but, decided a change was in order and he just couldn’t say “no” when he learned of the awesome work these entities do. He has a deep love for his home and the CRIT people and originally said “no” when he was offered the position he now holds. He says working in California, where fresh water is scarce, it is a sobering reminder that we have to preserve what we have here (the Colorado River) and not give it away. He says his views on water, as a Native American, are not so different from anyone else’s. He loves the river, the fun it provides, and the people he meets who come to visit here, but he has a deeper respect than some might. A lot of us were not necessarily raised to view the river in the same way he was taught to—respect the water, keep it clean, and be courteous of others. Tim says he understands the river is a part of the economy, but it still needs to be maintained, preserved, and protected. This is what is important to the Mohaves.

The Colorado River is in the Mohave creation story. It was created “before us and with a purpose,” Tim says. The river afforded the Mohaves with a specific life to...
live and they learned they had to protect and preserve the river. The river nourished the land so food could be grown on it. They learned to grow vegetables, squash, and melons. When the tribe was forced to relocate from the Fort Mohave area to Parker, they at least didn’t have to relocate far. Here the U.S. government promised them land and water to help secure the future for their people. “Change does happen,” Tim says, but people need to protect and preserve the water that is so vital to this area. The topic of water on the Colorado River Indian Reservation has been in the news a lot as of late, but, Tim’s views are not political, and neither is this article. Tim just wants people to remember what it is they have fought for. Water is life, but it is especially vital to the Mohave people and to the oasis in the desert that is Parker.

HAVASU SPRINGS RESORT
offers a variety of activities for you and your family to do during your stay. Everything from kayak rentals and playing tennis, to their 9-hole executive golf course and sandy beaches—there is something everyone can enjoy! Their front desk will gladly help you arrange any type of boat or water sports rental, and their on-site Outer Harbor Bar & Store has a variety of recreational products available for purchase, such as water skiing equipment, wake boards, and fishing supplies. Located in between Parker and beautiful Lake Havasu City, Havasu Springs Resort is just a short drive or boat ride away from the vast calendar of events that attract visitors to the city all year long.

Havasu Springs Resort has three motels located throughout the park, and an RV Park with over 120 full-hook up spaces. The Poolside Motel has an Olympic-sized pool and with an adjacent pool-spa, lounge chairs, and a playground for kids. Each room contains two queen-sized beds, bathroom, and a kitchenette. The Poolside Motel also features two suites. The Vista Suites are located by the Outer Marina, so they come with a breath-taking view. Each suite sleeps up to at least six, and Vista D sleeps eight. These rooms are perfect for families or larger parties. The Lakeview Motel is their pet-friendly accommodations on site, so no one has to be left behind while you plan that long relaxing vacation away from home. The Marina Motel is perfect for guest with boats; you can simply park in your slip and walk upstairs to your room. You can watch the sunset and your boat while you stand on the wrap around patio of the motel.

If you like great food with a fabulous view, then The Springs Dining is the place for you! Overlooking the resort’s inner harbor, they offer courtesy boat slips for guests who arrive for breakfast, lunch, or dinner after a fun day of being on the lake. The bar and lounge contains several HD TV’s, a pool table, pinball machine, and a dance floor, so you can watch the big game and sip your favorite Springs cocktail, such as their famous “Big Stick”.

If you ever have a boat problem or nautical need, come the the Havasu Springs Boat Shop. Their certified staff of mechanics can handle any issue you have and at a fair price. They are open 7 days a week, 8am-5pm. Looking for a long term boat slip rental? Havasu Springs can accommodate anything from jetskis to houseboats in their marinas. There is also a 24-hour launch ramp available to all guests.

If your dream is to have a destination wedding, look no further than the beautiful tranquil borders of The Pointe at Havasu Springs. Nestled high on a serene ridge overlooking the serene infinite lakeside and majestic mountains, The Pointe offers the most stunning event venue in the area. Here you will find the precious treasures of glistening red rock, calming blue waters, and breathtaking sunsets backgrounds—along with the versatile enchanting ambiance of both indoor and outdoor options for your reception or ceremony. They will help you plan a wedding or event experience where charming atmosphere, outstanding service, and precise attention to intimate details come together to create a lifetime of cherished memories.

The Harbor Room is a gorgeous banquet hall located above the Outer Harbor Store & Bar. This stunning event venue accommodates over 200 people, has a fresh chic industrial atmosphere that conforms to all occasions, and comes complete with captivating lakefront marina views.

Havasu Springs Resort is proudly bordered by the federally protected Bill Williams River Wildlife Refuge, and strongly encourages visitors to venture out and get a glimpse of some of nature’s beautiful creatures located all throughout these areas during their stay.

If you want to escape, relax, and stay a little bit longer than a yearly vacation allows, then look into their wide range of vacation homes for sale (there are over 300 throughout this spacious 60+ acre property!)

400 Riverside Dr. Parker, AZ
Spanky’s RV & Marine

Spanky’s RV & Marine has been your ‘vacation store’ in Parker since opening its doors 1997. In 2016, however, owners Don and Donna Rountree made the shopping experience even better and more convenient.

Spanky’s is located on the main drag in Parker at 400 Riverside Drive (SR95). In addition to a more accessible and visible location, the new building is over 8,700 square feet – more than double the size of its former home – and a sizeable parking lot with plenty of room for RVs, campers and boats.

“We have a huge following,” said Don. “There has been overwhelming excitement from our winter and summer visitors. They have been excited to see the new location.”

Because Spanky’s carries parts and accessories to make travels more comfortable and time on the water more enjoyable, many of the boaters who are annual summer visitors stop by Spanky’s before heading to the water. Spanky’s offers custom boat ropes and anchor lines, which is its number one service. During the summer, popular items include life jackets, clothing and, of course, tubes and towables for which, the selection is unrivaled.

“We are the biggest tube and towable retailer on the Colorado River,” Don said. “If you’re going to use it here, you need to buy it here.” It’s cheaper and, if you have a problem, come right back here. We will get your family back out on the water and save your vacation. One ruined vacation is too many. We have a very small return rate.”

The new store’s larger building allows the Rountrees to increase Spanky’s already abundant variety of merchandise and expand the store’s inventory. They have also added a convenience store inside Spanky’s so customers can stock-up on ice, water and soft drinks before they head to the river or lake.

“We just have more than anyone else,” Don explained. “We have so much stuff. We have a lot that nobody in Yuma, Havasu or Bullhead City has - even RV-wise.”

The Rountrees have always done a great job of anticipating the customers’ needs and wants and consistently having those items in stock. Much of the Rountree’s business savvy has to do with the couple being full-time RV-ers and boaters themselves. Additionally, they also use the products they sell.

“I’m testing products constantly,” said Don.

Don credits Spanky’s longevity and success to the all-inclusive customer service.

“I think it goes further than being friendly,” Don professed. “It’s having what they need and getting it in a timely manner. [The success] boils down to our business and customer service.”

In addition to Don and Donna, the family-owned business includes their son, Greg Rountree and their grandchildren, when they are old enough to work.

Stop by Spanky’s at 400 Riverside Drive, Parker.

Summer hours at Spanky’s are Monday through Thursday, 8 a.m. to 5 p.m., Friday; 8 a.m.-6 p.m.; Saturday, 8 a.m.-5 p.m.; and Sunday, 8 a.m.-3 p.m.

Visit Spanky’s on the web at www.SpankysRVOnline.com or follow them on Facebook.

Cruising below Parker Dam
Wakeboarding on the Parker Strip
Coursing more than a thousand miles from the Rockies to the Sea of Cortez, the mighty Colorado River provides irrigation, public water and hydroelectric power to parts of California, Nevada and Arizona. In Bullhead City, the river also offers a wide variety of recreational activities. Enjoy boating, water and jet skiing, fishing or a refreshing dip in the brisk water. Launch ramp facilities are plentiful along the river, as well as watercraft rental services. The river can also be enjoyed by strolling along the Heritage Trail located in Rotary Park to observe the boating enthusiasts along with the waterfowl that flock to its shores.

**Colorado River Museum**

The museum features a collection of Indian artifacts, pottery, photographs, old memorabilia and antiques. The museum displays, artifacts and memorabilia really bring the area’s past to life. A model railway, Mojave Tribe artifacts, photos and maps from today and yesterday, minerals and gemstone, plus a fossilized nautilus snail that dates back some 240 million years area a few of their exhibits that make it a worthwhile visit.

**Lake Mohave Resort at Katherine’s Landing Marina**

Located nine miles north of Bullhead City on the Arizona side of Lake Mohave, Katherine’s Landing features RV facilities, boat rentals, boat slips, launch ramp, picnic area, marina, dry storage, restaurant and snack bar, general store, hotel and other resort amenities. Boat rentals range from personal watercraft to 16-foot fishing boats, 18-foot runabouts for waterskiing and exploring, 24-foot patio boats, and houseboats that sleep up to 14 people.

**Oatman, Arizona**

Oatman started life over 100 years ago as a mining tent camp, and quickly became a flourishing gold-mining center. In 1915, two miners struck a $10 million gold find, and within a year, the town’s population grew to more than 3,500. But both the population and mining booms were short lived.
Today, Oatman is a fun place to visit—an authentic old western town with burros roaming the streets and gunfights staged on weekends. The burros are tame and can be hand fed.

**Grapevine Canyon Petroglyphs**

The Grapevine Canyon Petroglyphs are located in Grapevine Canyon on Spirit Mountain near Laughlin, Nevada and are listed on the United States National Register of Historic Places. The area is known as Christmas Tree Pass. While the petroglyphs extend through the canyon, a significant concentration lies at the entrance to the canyon which is at an elevation of 2,395 feet. The area features over 700 petroglyphs and many rock shelters. The entrance to the Canyon/Christmas Tree Pass is located about seven miles west of Laughlin. The graded, dirt road of this pass runs through a ruggedly beautiful canyon rich with wildlife and petroglyphs. The canyon is part of Lake Mead National Recreation Area, and the trek via car from NV State 163 to NV State 95 takes about 45 minutes. About two miles in from 163, is an unmarked side road to Grapevine Canyon. The lush plant growth in this canyon is in sharp contrast to the stark, surrounding hillsides. A short hike up Grapevine Canyon, visitors will find a small desert spring which flows almost year round. This spring not only allows certain plants to grow here, but also provides a water source for big-horn sheep and other animals. The petroglyphs on the canyon’s sheer rock walls also indicate the presence of ancient inhabitants as early as A.D. 1100. Spirit Mountain, the highest peak in the Newberry Mountain range, rises to an elevation of 5,639 feet and looms above the canyon. This mountain, considered the beginning of creation, is a sacred place to Indian tribes in Southern Nevada and has become the first Indian land in the state to be placed on the National Register of Historic Places.

We are now taking reservations for jet ski rentals. Current rates are $250 for half day (4 hours) and $350 for full day.
Ask anyone in Yuma where to go in summer to boat or fish or play on your wakeboard, there’s an instant answer: “Martinez Lake.”

**Martinez Lake— Imperial Dam Reservoir**

And it seems that if you live in San Diego County, you like to leave the ocean’s waves and breezes to play in this desert environment and the Colorado River that is the thread of life for 233,000 acres of Yuma County agriculture. If so, you’ll be joined by fishermen from all over, working the shoreline tules and canals for bass, catfish and tilapia, bluegill and crappie.

The river is perfect for play here, for even on windy days, there’s hardly a ripple, and you can glide and turn at high speed on your personal watercraft or Jet Ski – or ski and wakeboard – the shoreline dampens the effects of boat wakes.

The weekend crowd is inventive here. The river can fluctuate, depending on downstream municipal and agriculture demands, but there always seems to be a sandbar where boaters can beach, play volleyball, toss horseshoes and socialize. There have even been horseshoe tournaments on the sandbars.

The playground extends for eight miles from Martinez Lake to the Imperial Reservoir, which impounded the water behind it to create them – Martinez is actually just off the main channel of the river.

The planners and engineers who dammed the Lower Colorado River, from Lake Powell to the north to Imperial Dam to the south, didn’t envision recreational use, but then those of us who like the baking hot sun and the cool water aren’t reading history books.

We are excited to welcome Michelle Thom to Yuma Foothills Insurance, beginning March 1st. She brings 16 years of commercial business insurance experience. She is a native Yuman and is bilingual. If you own a business and want a comparative quote to save money, give Michelle a call!
There are miles of shoreline to be explored along the Colorado River - but dam construction has made it a mile tricky to find your way to deep water. Here’s a quick guide to upstream access points:

(A) MITTRY LAKE WILDLIFE AREA lies between Laguna and Imperial dams northeast of Yuma. With 750 acres of water surrounded by 2400 acres of marsh and upland, this is a birding and fishing hot spot with 10 piers, rest rooms, two boat ramps; no improved facilities, but camping is allowed (check with BLM). There’s a ½-mile nature trail at Betty’s Kitchen Interpretive Area at south end of lake.

By land: Take Highway 96 east to Avenue 7E, follow Avenue 7E north past Laguna Dam, (about nine miles, pavement ends, 7E becomes Laguna Dam Road), Betty’s Kitchen is to left just past dam, or continue north to boat launch. More Info: Bureau of Land Management, 928-317-3200.

IMPERIAL DAM AREA, CALIFORNIA SIDE:

(B) SQUAW LAKE is a day-use and camping area with accessible rest rooms, outdoor showers, fire rings, drinking water and boat ramps; camping limited to 14 days in a 28-day period.

(C) SENIOR WASH DAM AND RESERVOIR is an off-stream reservoir that allows water skiing, sailing and fishing, with a boat ramp & camping facilities (summer visits limited to 14 days in a 28-day period).

By land: Follow S24 north form Winterhaven and look for signs; at main fork, signs will point west to Imperial Dam, Senator Wash; go past Senator Wash to reach Squaw Lake. More Info: Bureau of Land Management, 928-317-3200.

IMPERIAL DAM AREA, ARIZONA SIDE:

(D) FISHER’S LANDING (928-539-9495), is operated by a private company as a BLM concession. There’s a bar and restaurant, bait shop, fuel dock, convenience store and RV camping. Fisher’s also is the launch site for trips operated by Yuma River Tours (928-783-4400).

(E) MARTINEZ LAKE RESORT (928-783-9589) is one of the only areas of private land along this part of the river, and offers lots for sale. The resort includes a cantina, restaurant, lodging and camping. It also has a marina and boat launch where you can rent pontoon and fishing boats, canoes and kayaks.

(F) IMPERIAL NATIONAL WILDLIFE REFUGE is just upstream from Martinez Lake. Water skiing is prohibited in wilderness areas, but there’s a public boat launch and day-use area at Meers Point, no camping allowed on refuge.

By land: Follow Highway 95 north (past “big guns”), left on Martinez Lake Road then west about 10 miles; turn right on Red Cloud Mine Road for Refuge; ahead and left to Fisher’s Landing, ahead and right to Martinez Lake Resort.

UPSTREAM AREAS WITH LIMITED LAND ACCESS:

Above Martinez Lake, the river mostly runs through wildlife refuge lands, and land access to the river is limited. Tent camping is allowed on the California side of (G) FERGUSON LAKE, outside refuge boundaries, but you have to get there by boat.

Above Ferguson Lake, the refuge encompasses both banks until you reach (H) PICACHO STATE RECREATION AREA (760-996-2963 or 760-393-3059), which includes eight miles of California shoreline.

Once a lively gold-mining town, this is now a popular park with full and car-top boat launches, 54 primitive campsites (campers and trailers permitted), a group campground, and two boat-in group sites, with picnic tables, fire rings, drinking water, chemical toilets, solar showers and RV dump station. No drinking water at five smaller campgrounds upriver. Water skiing permitted on adjoining river.

By land: Take S24 north from Winterhaven, watch for signs - go straight where S24 bends right. Only first six miles of 24-mile road paved; rest usually passable for cars, trailers and motor homes, but may wash out during storms.

North of Picacho, the river again runs through the Imperial National Wildlife Refuge and there is no public access by land. At river mile 86, you enter the (I) CIBOLA NATIONAL WILDLIFE REFUGE, which surrounds Walters Camp (river mile 88), a popular midway stop between Blythe to Martinez Lake.

By land: Take I-8 west 15 miles to Ogilby Road (S34, exit 134), north on Ogilby 25 miles to Highway 78, then right 16.5 miles to Walters Camp Road.

Border town is great for shopping and healthcare

Los Algodones is located 7 miles south of Yuma, Arizona. Open daily from 8 a.m. to 10 p.m., travelers can cross at the Andrade border station either on foot or in their car. Parking lots are available for a low fee from Native American tribe members.

It’s best to park in the lot on the U.S. side and walk over, as it eliminates possible complications of getting your car back into the United States. Passports and passport cards are the only form of identification that is accepted at the U.S. to Mexico ground border crossing.

While most people visit Los Algodones for dental work, eyeglasses, or pharmacies, there are a few blocks where you can find shops with typical Mexican souvenirs (blankets, sombreros, etc.) and some restaurants. Most vendors accept bartering and all prices are in U.S. dollars, with cash being the preferred method of payment.

If you are interested in prescriptions, get familiar with the designer and generic names for your medication. Talk to others who shop there regularly and know the routine. While prices may be good, the names of some major prescriptions, as well as their prices, are:

active ingredients, are slightly different. Visitors should be cautious and check the expiration date on each container. Also, keep in mind you are only allowed up to a 90-day supply of prescriptions to carry back across the border. The border agents will confiscate excess drugs. Be sure to get recommendations from people who frequent the area before making a dental or doctor appointment.

If you are looking for a good place to get a drink, it’s best to stay out of the local bars and keep to the more touristy ones.

On your return you will approach the officials at the border and they will interview you one by one, examine your identification, and ask you what you purchased. Be sure to check the Border Service Agency website for a complete list of permitted and prohibited items, but you should be fine with small purchases like single bottles of liquor or souvenirs like straw hats. If you purchase medicine, you’ll have to show the original packaging so border agents can verify the legitimacy of the drug.

Although the wait at the border can be long at times, Los Algodones has provided some benches and light shade. It is a good idea to carry a bottle of water with you for the time in line.

**Sandra’s Spray**

Sandra’s Spray paint art is the application of spray paint on a non-porous material, such as wood, metal, glass, ceramic or plastic. This unique form of art is generally performed on the street in large cities. It sometimes features surreal landscapes of planets, comets, pyramids, cities, and nature scenes. The pieces can have a simple one-colored background or a multi-colored background in which the paint swirls together or fades from one color to the other through a series of differing values of each color. Quick to make and fast drying, it is a fascinating art style to watch as the creations take place before your very eyes. This unique art form is said to have originated in Mexico City in the early 1980s. Sandra is a spray paint artist who has been working in Los Algodones for the last 20 years. Her Facebook is: Sandra’s Spray.

BaBaLoo Lounge

BaBaLoo Lounge has the look of a fine dining restaurant but feels like a backyard party with good friends and great food. A beautiful black marble bar manned by Matt, one of the friendliest bartenders in Lake Havasu, and the ambiance of Latin music greets customers. Lounge at the bar or in the dining room, but be sure to check out the beautiful view from the balcony of the lake. BaBaLoo Lounge is proudly owned and operated by father and son Gus Ungo and Jonathan Ungo, two Cuban-Americans with an eye for style and a palate for flavor.

“Treat the customer like they’re at home, not like they’re a number” is a mantra repeated by Gus and enthusiastically supported by Jon. Gus has been visiting Lake Havasu since its early days in the late 1970s and has enjoyed watching the town prosper. However, he saw that Havasu desperately needed some international flavor in its burgeoning restaurant scene, and he and his son responded with BaBaLoo Lounge in 2017. The family’s dedication to pleasing the customer is not just apparent in its atmosphere and staff, but in its food.

Gus is a traditionalist in the best sense of the word; he delivers the classic Cuban items on the menu, like the mouthwatering Cuban sandwich or the delicious arroz con pollo. The traditional family recipes balance the menu’s more experimental offerings. Jon brings his culinary techniques from Le Cordon Bleu into the kitchen along with a supportive and talented staff to bring together delicious creations. This combination of old school Latin skill and new ideas gives BaBaLoo a robust menu sure to satisfy anyone’s taste, which is precisely what Gus and Jon intend to do. “It’s important to educate people’s palates with our food,” Gus says as Jon agrees. It’s clear that they genuinely care about the food and the people who step into their restaurant.

BaBaLoo pairs its festive atmosphere and original food with live music on Tuesdays and Thursdays, and concerts on Fridays and Saturdays. With a lively bar perfect for viewing baseball and football games, extra specials on Sundays and Mondays, and a new potential bar bites menu coming into play, BaBaLoo is sure one of Havasu’s best restaurants.
